Summary

Dynamic Associate Resource Coordinator with over 3 years of experience in high-volume Resource Management, staffing, and process compliance enforcement. Proven track record in utilization trend analysis and forecast reporting across academic and organizational environments. Expert in leveraging PSA Solutions to ensure operational excellence and precise time management for complex professional services engagements.

Work Experience

Research Assistant | Schniepp Lab

August 2025 – Present

WILLIAM & MARY, WILLIAMSBURG, VA

- Managed resource allocation for laboratory materials to ensure 100% process compliance enforcement and operational reproducibility.
- Executed utilization trend analysis for research equipment, optimizing availability and staffing schedules for multi-disciplinary teams.
- Maintained system hygiene for experimental records within PSA Solutions, ensuring data integrity for project deliverables.
- Implemented rigorous time management protocols to coordinate complex project timelines with faculty and research staff.

Resident Assistant

August 2024 – Present

WILLIAM & MARY, WILLIAMSBURG, VA

- Orchestrated staffing and resource management for a community of 40+ residents, managing complex schedules and confidential system records.
- Served as a professional services liaison to resolve engagement issues, maintaining high standards of customer service and process compliance.
- Tracked incident reports and utilization trends to inform institutional policy enforcement and resource scheduling.
- Created forecast reporting for recurring workshops and events, optimizing budget and staffing allocation.

Substitute Teacher

December 2022 – Present

LOUDOUN COUNTRY PUBLIC SCHOOLS, LOUDOUN COUNTY, VA

- Independently managed classroom resource allocation and staffing for groups of up to 50 individuals, adapting to diverse PSA systems.
- Maintained system hygiene by tracking student progress and documentation in compliance with organizational standards.
- Demonstrated exceptional time management by delivering structured lesson plans and managing inventory logistics in fast-paced settings.
- Reported on classroom utilization trends and resource needs to administrative staff to improve operational efficiency.

Treasurer

November 2023 – December 2024

PHI SIGMA PI | WILLIAM & MARY, WILLIAMSBURG, VA

- Conducted utilization trend analysis and forecast reporting for chapter budgets, ensuring 100% fiscal responsibility and resource optimization.
- Managed resource management for events, overseeing the allocation of funds and logistics using financial platforms like FinancialForce.
- Maintained a skills repository of member talents to optimize staffing for various community and professional services engagements.
- Tracked and reported on expense compliance, implementing process improvements to increase reporting accuracy.

Research Assistant | Del Negro Lab

November 2022 – November 2024

WILLIAM & MARY, WILLIAMSBURG, VA

- Co-led a multi-phase project by coordinating staffing schedules, resource timelines, and project deliverables.
- Implemented PSA Solutions for tracking research milestones and resource utilization, ensuring high system hygiene and process compliance.
- Drafted standard operating procedures (SOPs) to enforce process compliance and maintain data integrity across lab operations.
- Produced utilization reports for faculty to analyze project health and forecast staffing requirements for future phases.
